PROFESSIONAL SUMMARY

Motivated and detail-oriented professional seeking a challenging role in a forward-thinking organization where I can leverage my expertise in web development, Python/Django, and project coordination. Committed to continuous learning and delivering high-impact solutions, with a strong focus on collaboration, innovation, and long-term growth within a dynamic and results-driven team environment.

EDUCATION

•Artificial Intelligence and Data Science)

Guru Nanak Institute Of Technology, Hyderabad

2022-26

CGPA: 8.06

PROJECTS

•Little Lemon Restaurant Booking System

Python, Django, HTML, CSS, JavaScript

- Personal Portfolio Website
- Developed a table reservation system for a restaurant using Django views, forms, and templates. Integrate JavaScript alerts for successful form submission.
- Designed and developed a responsive portfolio website to showcase projects and skills. Included smooth scrolling, contact form, and section-based layout

•Daily Task Tracker Web App

HTML, CSS, JavaScript

- Built a to-do/task tracker app to manage daily tasks. Features include adding, deleting, and marking tasks complete. Used localStorage to retain data.

•Tribute Page, (FreeCodeCamp Project)

HTML, CSS

- Created a static tribute page following semantic HTML principles and mobile-friendly design.
- Applied clean, structured styling with CSS to enhance visual appeal and ensure readability across devices.
