PROFESSIONAL SUMMARY

Computer Science undergraduate with strong foundations in software engineering, data structures, algorithms, object-oriented programming, and full-stack development. Experienced in building backend systems with Spring Boot, REST APIs, and React-based web applications. Passionate about solving complex problems, writing clean code, debugging applications, and building reliable software solutions in Agile environments.

EDUCATION

•Bachelor of Technology in Computer Science and Engineering

2023-27

Anurag University, Hyderabad

CGPA: 8.97

PROJECTS

•Student Security System

Jan 2026

Spring Boot, Spring Security, JWT, MySQL

- Designed RESTful Spring Boot APIs to securely manage student data with authenticated access.
- Implemented stateless JWT authentication using Spring Security, custom filters, and BCrypt password hashing.
- Integrated MySQL using Spring Data JPA for persistent storage and validated endpoints via Postman.

•Inventory Pro

June 2025

JavaScript, React, Tailwind CSS, Firebase, Chart.js

- Developed a full-stack inventory management system using React, JavaScript, Tailwind CSS, and Firebase.
- Implemented data upload workflows and interactive dashboards using Chart.js to analyze stock health and trends.

•Network Automation & Configuration Compliance System

June 2026

Python, Netmiko, Cisco IOS, GNS3, YAML

- Built a Python-based network automation system using Netmiko and Cisco IOS to automate multi-router configuration, OSPF deployment, and configuration backups in a GNS3 environment.
- Implemented centralized logging and configuration drift detection against intended configurations, enabling faster identification of unauthorized changes and improving network consistency.

INTERNSHIP AND EXPERIENCE

•Google AI-ML Virtual Internship

Oct – Dec 2025

AICTE × Eduskills × Google for Developers

Remote

- Completed 10-week AI-ML internship with Google for Developers, covering supervised and unsupervised learning.
- Applied machine learning workflows through guided labs, exploring prediction and classification tasks.

•Web Full Stack Developer Internship

Jan - Mar 2025

AICTE-Eduskills

Remote

- Completed training in full-stack development using HTML, Tailwind CSS, JavaScript, SQL, and Git.
- Gained hands-on experience in frontend-backend integration, debugging, and collaborative development.

•Tech Ninja – CSI Hyderabad Chapter

2024 – Present

Student Council Member

Hybrid

- Led “Suraksha Path” (Mar 2025), a cybersecurity event for 150+ students with interactive and practical sessions.
- Conducted awareness sessions for students and senior citizens on cybercrime, fraud, and online safety.

TECHNICAL SKILLS AND INTERESTS

Languages: C, Python, Java, JavaScript

Core CS: Data Structures & Algorithms, OOP, DBMS, Operating Systems, Computer Networks

Backend & Databases: Spring Boot, REST APIs, Spring Security, JWT, Maven, MySQL, Firebase

Frontend: HTML, CSS, React.js, Tailwind CSS

Tools & Technologies: Git, GitHub, VS Code, Postman

Methodologies: Agile, Scrum

Additional Technologies: Netmiko, CCNA Fundamentals, Scikit-learn, GNS

CERTIFICATIONS & TECHNICAL ACHIEVEMENTS

- CCNA: Cisco Networking Academy
- LeetCode: 50-Day Streak Badge, Daily Challenge Badge
- CodeChef: Diamond Badge (100-Day Streak), Silver Badge (250+ Problems Solved)
- Finalist - CSI State Convention Code-a-Thon (Top 10 overall, 1st in Round 1)
- Finalist - Blueprint 6.0 Startup Competition, Entrepreneurship Development Cell (EDC), IIT Delhi
Selected among the top 2.4 % of participants and presented an offline pitch deck at JECRC Foundation, Jaipur.
- NPTEL Certification - Database Management Systems
- Recognized by CSI Hyderabad Chapter with a certificate and memento for contributions as Tech Ninja (2024–25)
- Infosys Springboard: Certified in C Programming, Python Fundamentals and Design Thinking
